

**European Aviation Safety Agency****APPROVAL CERTIFICATE**

REFERENCE EASA.145.4512

Taking into account the provisions of Article 9(2) of Regulation (EC) N° 1592/2002 of the European Parliament and of the Council and the bilateral agreements currently in force between European Union Member States and the Government of the United States of America, the European Aviation Safety Agency (EASA) hereby certifies :

HARTER INDUSTRIES, INC

FAA Repair Station Number: VDTR380K
401 West Gemini Drive
Tempe, AZ 85283-1709
USA

as a Part-145 maintenance organisation approved to maintain the products listed in the FAA Air Agency Certificate and associated Operations Specifications and to issue related certificates of release to service using the above reference, subject to the following conditions:

1. The scope of the approval is limited to that specified on the FAR Part 145 repair station Air Agency Certificate, and the associated Operations Specifications for work carried out in the USA (Unless otherwise agreed in a particular case by EASA).
2. This approval requires continued compliance with FAR Part 145 and the differences as specified in the Maintenance Implementation Procedures, including the use of the FAA Form 8130-3 for release/return to service of components up to and including powerplants.
3. Certificates of return to service must quote the EASA Part 145 approval reference number quoted above and the FAR Part 145 Air Agency Certificate number.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid for an unlimited duration until the approval is surrendered, superseded, suspended or revoked.

Date of issue:

18th JUNE 2004

Re: Part-145 Approvals issued subject to the provisions of the BASA/MIP agreement

Dear Sir/Madam,

Following a positive recommendation from the FAA under the terms of the current Bilateral Aviation Safety Agreement (BASA) and associated Maintenance Implementation Procedures (MIP) for :

HARTER INDUSTRIES, INC

The European Aviation Safety Agency hereby encloses your Part-145 approval certificate reference:

EASA.145.4512

This certificate supersedes your JAR 145 acceptance certificate, and will be listed in the JAA list 2. Please note that this certificate has an unlimited duration.

In order to facilitate the transition process the current JAA TGL 22 should continue to be used regarding payment and applications. The JAA TGL 22 will be amended to reflect the new changes regarding the EASA Part-145 approval at the earliest possible opportunity.

You should review the conditions as specified on the attached approval certificate, in particular condition number 3 which states that all certificates of release to service must now quote the EASA Part 145 certificate number instead of the JAR 145 acceptance number.

Yours faithfully

J Hall
Maintenance Organisations Manager
